

Corporate CornFusion at the Amazing Maze 'N Maize

“Get lost with your colleagues”

- **Explore the challenging day maze**
- **Join in unique maze team building activities**
- **Take risks – out of your comfort zone**
- **Have fun – a key factor in work place success**
- **Conquer the new ‘Corporate Boo Camp’**
- **And finally ... step outside your comfort zone with CornEvil**

Exchange the office desk for an afternoon outdoors exploring a giant maze cut out of four hectares of maize (animal feed corn). Enjoy the summer playing old fashioned games such as tug o war and brain teasers. Finish your day with an evening meal and prepare to experience the maze at night with CornEvil.

The Amazing Maze 'n Maize has developed a Corporate Team Building experience that will challenge your staff while promoting fun, encouraging problem solving and enhancing communication.

From low key to organised and professional teambuilding, you and your staff are guaranteed to learn more about each other through this challenging, fun, and active adventure.

Challenge your staff to complete the day maze. Individuals or groups navigate their way through the eight kilometres of paths. Tailor-made to your staff this can include a time trial, corporate trivia, or an old-fashioned treasure hunt.

Fire up initiative, problem solving and team talk by taking part in the great kernel spit-off, corn husking, corn throwing and brain teasers.

After building a sense of security within your corporate group, the Maze will open the doors to their most thrilling maze experience, CornEvil.

CornEvil, the R16 maze attraction, is a haunted horror maze. Visitors venture through the maze at night, with trained actors in the maze ready to give them a terrifying experience.

Your group will go through Corporate Boo Camp where they will create their own CornEvil character and challenge set roles and responsibilities.

Your company is welcome to organise your own meal, or let the maze organise everything for you. After dinner the team has time out to reflect and psyche themselves for CornEvil.

As dusk rolls around the Maze prepares to transfer into the haunted CornEvil maze, finishing your teambuilding afternoon with this terrifying, yet entertaining, event. Together go through the horror maze and it's labyrinth of paths and evil characters. Find yourselves seeking comfort from colleagues and realise that even the boss gets scared sometimes!
